Report of the Advisory Committee

To the Voters of the Town of Southboro:

The recommended total budget ($601,757.03) plus the total recommended warrant articles ($68,794.76) brings the total warrant to a recommended figure of $669,217.54 which compares with the figure of $559,165.37 which was voted in 1958. This represents an increase of approximately 20% over the amount recommended last year.

The amount of available funds or "Free Cash" as of January 1, 1959 as certified by the Director of Accounts is $150,885.74. This compares with the 1958 "Free Cash" figure of $100,228.63.

Therefore, we recommend that $50,000.00 be transferred from "Free Cash" and used to reduce the 1959 Tax Rate and thus make the total expenditures to be raised by taxation $619,217.54 for the year 1959.

	1959	1958
Total Budgets	$601,757.03	$508,466.00
Deduct Fire House Money	759.00	
Deduct Dog Money	574.75	694.67
Net Budgets	$600,423.28	$507,771.33
Warrant Articles	$ 68,794.26	$ 51,394.04
Total Net Warrant	$669,217.54	$559,165.37

EDUCATION

Total expenditures for education of Southboro s children in 1958 amounted to about $253,539.00 and for 1959 the proposed amount is $333,758.00 or an increase of 31%.

1959 will of course be the first year in which the Town will be sending Grades 9 through 12 to the new Algonquin Regional High School and the amount recommended for this purpose (included above) is $97,970.00.

This highlights the fact that the recommended amount to support the education of 8 Grades in 1959 amounts to approximately the same amount appropriated for 12 Grades in 1958.

Over and above this, we would point out that the amount of $97,970.00 proposed for 1959 for the Algonquin Regional School is to cover only 4 months of the year September through December and obviously with all things remaining equal, there will be a substantial increase in the amount to be appropriated for this purpose in 1960 and ensuing years.

The fact of continuing rise in educational expense is submitted without comment, but this Committee feels that it should once again be brought to the attention of the Townspeople.

TOWN OF SOUTHBOROUGH

ANNUAL TOWN MEETING MARCH 10, 1958

At the Annual Town Meeting, duly called and held in the Town Hall, Southborough on March 10, 1958 at 7 o'clock, the following Articles were voted upon in legal manner. There was a quorum present. (225 voters) Checkers — R. Corbett, E. Maley, M. Stivers, R. Quinn.

The meeting was called to order at 7:30 by Moderator Everett Stephens.

ARTICLE 1. To hear the reports of the various Town Officers and Committees and take such action thereon, as the Town may Vote.

Mr. Earl Smiddy reported on Fire Truck and Two way radio—Fire-Water Department. Reports accepted.

Mr. Herbert Harrington, read report of Committee appointed under Article 60 of the Warrant for the Annual Town Meeting of March 1957.

Motion relative to report of Town Manager Committee.

VOTED: That the present committee be continued or a new committe be appointed and that it be instructed to make a further study of the question of Executive Secretary; and that it be further instructed to file its report at the next Town Meeting and to insert in the warrant thereof such articles or articles as may be necessary to carry out the recommendations contained in said report.

The next motion pertains to a Dept. of Public Works.

VOTED: That the Town Counsel be instructed to file a bill in the Legislature as soon as possible, in order that Chapter 127 of the Acts of 1952 may be amended in such manner as may be necessary to eliminate therefrom the requirement

that a Board of Public Works be elected and to substitute therefor a requirement that the Board of Selectmen act as a Board of Public Works or have the powers and duties of a Board of Public Works.

A MOTION WAS THEN MADE: That the Town Counsel be instructed to file a bill in the Legislature for the purpose of authorizing the Town to place on the ballot to be used at the State Election to be held in November 1958, the referendum question set forth in said chapter 127, and that the Board of Selectmen, or the Town Clerk, or both be instructed to cause said referendum question to be placed on the ballot for the State election to be held in November 1958, provided the Legislature grants authority therefor. In the event that the Legislature does not grant this authority, that the Selectmen be further instructed to place this referendum question on the ballot for the next Town Election.

Amendment to motion by Mr. James Daughan*—That the Town Clerk, the Town Counsel and James Daughan be appointed to draft a Town Manager Act for the Town of Southborough and submit same to the Legislature for approval and said question to be submitted to the Voters at the same time as the other questions pertaining to Dept. of Public Works and Executive type of administration.

The meeting Voted in favor of the amendment and then Voted in favor of the Motion.

IT WAS THEN VOTED: That the reports of the Committees concerning water be accepted with thanks, and as reports of progress; and that a committee of FIVE (5) be appointed to make a complete study of the overall water needs of the Town, the advisability of the Town taking water from the Metropolitan Pressure Aqueduct, and the location at which such water should be taken.

This motion was passed by a show of hands, Vote 142 in favor, 42 against.

ARTICLE 36. To see if the Town will vote to select a committee or continue the committee appointed uunder Article 59 of the Warrant for the 1957 Annual Town Meeting, to confer with the Pilgrim Congregational Church Committee, concerning the ownership of the land at the rear of its church building and to instruct such committee to enter into contracts and agreements on behalf of the Town, and to prepare, execute, acknowledge and deliver, on behalf of the Town, such deeds, agreements, and instruments as may be necessary to consummate such agreements, contracts or conveyances as the committee may make or enter into on behalf of the Town in connection with said land, or do or act anything in relation thereto. (Proposed by the Pilgrim Congregational Church Committee).

VOTED: That the Committee appointed under Article 59 of the Warrant for the Annual Town Meeting of 1957 to confer with the Pilgrim Congregational Church, concerning the ownership of the land to the rear of the Church Building, be continued, and that the committee, for and on behalf of the Town be authorized to agree with the Pilgrim Congregational Church, in its corporate name and capacity, that the true boundary lines between the land of the Town and the land of the Church are as follows:

The westerly line of the Church property shall be the easterly side line of the way running north and south, to the end of said way and a line running northerly in a straightline from the westerly wall of the church building about One hundred fifty-five (155) feet;

The northerly line of the church property shall be at right angles to the first mentioned line and shall extend about One hundred forty-five (145) feet to the Town way which runs approximately north and south;

The easterly line of the church property shall be the westerly side line of said Town way;

The southerly line of the church property shall be the northerly and easterly side line of the Town way which runs on the southerly and westerly side of the church property.

Provided, that the way now in existence, directly to the north of the church property and running easterly from the first mentioned way to the way bounding the easterly side of the church property, shall be forever kept open for the use o fthe public and shall be kept in repair by the Town as heretofore; and provided further, that said church shall cause to be prepared a plan, suitable for record in the Registry of Deeds at Worcester, and showing the boundary lines as herein described and showing so much of the properties of the church and the Town as the committee shall deem necessary; which plan shall refer to this vote and shall be recorded with said Registry of Deeds; that said committee be and hereby is authorized, on behalf of the Town, to enter into such contracts and agreements, and to prepare, execute, acknowledge and delver such deeds, agreements and instruments as may be necessary to consumate any such agreement, contract or conveyance as the commttee may make or enter into on behalf of the Town in connection with the matters contained herein.

ARTICLE 37. To see if the Town will vote to amend its Zoning By-Laws effective June 6, 1955, by inserting therein, in Section III, Paragraph 2 thereof, between the next to the last and the last sentence thereof, the words, "The land bounded on the North by Mt. Vickery Road, on the East by Cordaville Road, on the South by Southville Road and on the West by a line one thousand (1,000) feet Westerly of and parallel wtih the Westerly side line of Cordaville Road; and the land bounded on the North by Mt. Vickery Road, on the West by Cordaville Road, on the South by Southville Road and on the East by a line one thousand (1,000) feet Easterly of, and parallel with, the Easterly side line of Cordaville Road,

be zoned as an industrial district," or do or act anything in relation thereto. (Proposed by Walter F. Grace and 18 others).

A substitute motion naming Richard Road as the Southerly boundary of the above described land (area north of Richards Road) was defeated by a show of hands vote—79 IN FAVOR, 71 AGAINST.

IT WAS THEN VOTED TO DISMISS THE ARTICLE.

Mr. Arthur Hosmer then questioned the quorum. A count was taken and it was found that only 125 voters were present. The meeting was adjourned until 7:30 o'clock, March 11, 1958.

Section 2. No top-soil, loam, sand, gravel or other materials other than trees, brush, shrubs, grass, stones or other plants or materials, which are above the surface of the ground, shall be removed therefrom, unless the owner or occupant of such land shall have received from the Planning Board, a permit to remove any such top-soil, loam, sand, gravel or other materials.

Section 3. Any such permit granted under the authority thereof, shall be issued by the Planning Board and shall contain the names or name of the owner of such land and, in addition thereto, shall contain the name of the person, firm or corporation who shall be in control or in charge of such removal.

Section 4. No permit shall be granted untl after the Plannng Board shall have held a public hearing not less than five (5) days, notice of which shall have been given at the expense of the applicant therefor, by publication in a newspaper or newspapers, having a general circulation within the Town. The Planning Board may, by vote, require such other and further notice of such hearings as in its sole and exclusive opinion the circumstances of each individual application may warrant.

Section 5. Failure of the Planning Board to act upon any such application for a period of Sixty (60) days after receipt thereof, shall authorize the applicant to proceed wihout a permit.

Section 6. Notwithstanding any of the provisions hereof, no permit to remove top-soil, loam, sand, gravel or other materials, shall be required to remove such materials from land in public use; for the purpose of the erection or construction of buildings, driveways, walks, recreation areas, parking facilities or changes of grade, which are a part of or appurtenant to any such building, driveway, walk, recreation area, or parkng facility.

Section 7. Any interested parties aggrieved by a decision of the Planning Board, shall have the right of appeal to the Board of Appeals, in the same manner as authorized under the Zoning By-Law previously adopted by the Town and effective June 6, 1955," or do or act anything in relation thereto. (Proposed by the Town Counsel).

IT WAS VOTED TO DISMISS ARTICLE 5.

ARTICLE 6. To see if the Town will vote to convey that certain parcel of land, together with the buildings thereon, situated on the easterly side of Oak Hill Road, in the village of Fayville, which land and buildings were formerly used as a primary school and to determine the sales price of said land and buildings, and to determine what disposition shall be made of the money received from such sale, and to grant such authority to the Board of Selectmen or others, to execute such instruments as may be necessary to transfer title thereto, or do or act anything in relation thereto. (Proposed by the Special Committee appointed under Article 46 of the Warrant for the Annual Town Meeting of March 11, 1957.

ARTICLE 13. To see if the Town will vote to repeal Article IXA of its By-Laws and adopt in place thereof the following By-Law:

ARTICLE IXA

Soil Erosion

Section 1 — Definition

In this Article, unless the context otherwise requires, the following words shall have the following meaning:

"Appeal Board"—the Zoning Board of Appeals existing under the provisions of the zoning By-law.

"Applicant"—any person, firm or corporation which shall file with the Board of Selectmen an application as herein defined.

"Application". The application to the Board of Selectmen for a permit to remove earth as defined herein.

"Board" The Board of Selectmen.

"Earth"—soil, loam, sand or gravel.

"Land"—any lot, lots, parcel or tract of land in any section of the Town, except the following:

a. land in public use.

b. land from which earth has been, or is to be removed to permit the erection or construction on such land only, of buldings, driveways, walks, recreation areas, parking facilities or other similar structures or excavations which are a part of or accessory to any such building, driveway, walk, recreation area, or parking facility, or any change of grade which may be required on any land to carry out any of the purposes defined herein, but no other.

c. land used for agricultural, horticultural and similar occupatons, activities, or pursuits; provided that the operations conducted on such land are of the type usually conducted in such occupations, activities, or pursuits.

"Owner"—any person, firm or corporation having title to or any interest in any land.

Section 2 — Removal of Earth

No earth shall be removed from any land in the Town unless the owner of such land shall have received from the Board or from the Board of Appeals a permit to do so.

Section 3 — Contents of Application

Every application filed by an owner shall contain the name and address of the person, firm or corporation in whose name the title of such land is vested; the name and address of the person, firm or corporation applying for such permit; an accurate description of the land to which application applies; and a detailed description of the proposed operation to be conducted on such land. Every application shall be accompanied by a fee of $——.

Section 4 — Contents of Permit

Any such permit which shall be granted under the authority hereof, shall contain the name and address of the person, firm or corporation which may exercise the authority granted by such permit. Such authority shall not extend to any other person, firm or corporation.

Such permit shall set forth the terms, restrictions and conditions under which earth may be removed.

Section 5 — Effective Date of Permit

No permit which shall be issued under the authority hereof shall be effective for more than one year from the date of issue unless pursuant to a written application therefor filed within said year; and unless such application shall have been granted by the Board in the form of a renewal permit.

Section 6 — Hearing on Application for Permit

No original permit shall be granted by the Board until after a public hearing, not less than ten days' notice of which shall have been given at the expense of the applicant therefor, by publication in a newspaper or newspapers having general cir-

culation within the Town. The Board may, by majority vote, require such other and further notices of any such hearing as it in its sole and exclusive discretion, feels that such individual application may warrant.

Section 7 — Failure of Board to Act on Application of Permit

The failure of the Board to act upon any application for an original permit for a period of sixty days after receipt thereof, shall constitute a waiver by the Board of any requirement for a permit. Any such applicant whose permit has not been acted upon by the Board within the period of sixty days may proceed to remove earth in accordance with such application.

Section 8 — Appeal

Any person aggrieved by any action of the Board in connection with any application for a permit hereunder, or any application for an extension thereof shall have the right of appeal to the Board of Appeals whch Board of Appeals may, after hearing as required in Section 6 hereof, confirm, amend, or reverse any action taken by the Board on any such application for a permit or extension thereof. Any such appeal shall be taken and processed in the manner provided in Section VIII of the Zoning By-Laws. (Proposed by the Town Counsel).

VOTED: That Section IXA of the Town By-Laws be repealed and that the Town adopt in place thereof a new IXA as the same appears in the warrant for this Town meeting except that at the end of Section III thereof "Contents of Application" the figure $10.00 be inserted.

ARTICLE 14. To see of the Town will vote to amend Article II of the Town By-Laws, by striking out Section 15 of this Article and substituting therefor the following.—

The presence of 75 voters at a Town Meeting shall constitute a quorum, or do or act anything in relation thereto. (Proposed by Ralph Dyer).

THIS ARTICLE WAS DEFEATED BY A COUNT OF 49 FOR — 85 AGAINST.

ARTICLE 15. To see if the Town will vote to transfer from any of its available funds, a sum of money to be used for the construction or reconstruction of Walnut Hill Road, said sum of money to be reimbursed to the Town by the State under Chapter 718, Section A of the Acts of 1956, or do or act anything in relation thereto. (Proposed by the Board of Selectmen and the Superintendent of Streets).

VOTED: That the sum of $13,326.51 be transferred from available funds in the Town Treasury and that the same be appropriated for the purpose of laying out, construction, reconstruction, resurfacing, relocation and improvement of Walnut Hill Road as provided in Sections 1 and 5A of Chapter 718 of the Acts of 1956.

ARTICLE 16. To see if the Town will vote to transfer from any of its available funds the sum of Ten Thousand ($10,000.00) Dollars and appropriate the same for the purpose of completing the construction of Harris Drive and Leonard Drive, so-called, as required of Frank L. Elkin under the provisions of an agreement dated December 13, 1955, between him and the Town, and to authorize the Board of Selectmen to take such action as may be necessary for the performance of said work; and to authorize the Board of Selectmen to require the said Frank L. Elkin, or the Peerless Casualty Company, or both, to reimburse the Town for the cost of said work, as provided in said agreement and in the bond given by said Frank L. Elkin and the Peerless Casualty Company, to insure the faithful performance of said agreement, or do or act anything in relation thereto. (Proposed by the Board of Selectmen).

IT WAS VOTED TO DISMISS ARTICLE 16.

ARTICLE 17. To see of the Town will vote to accept from the Housing and Home Finance Agency of the United States of America, the sum of Four Thousand ($4,000.00) Dollars pursuant to the provisions of Public Law 560 of the 83rd Congress, as amended, as an aid to the Town in financing the cost

of plan preparation to consist of preliminary planning to include necessary surveys and test holes, enginering studies and costs estimates for the construction and connections to the Boston Metropolitan Water District Aqueduct, pumping stations, storage facilities, supply main and additions to distribution systems; and to determine and establish, as required by Section 702 of Public Law 560, 83rd Congress, the manner of establishing a special Planning Account for any such funds which may be received and to establish the manner in which funds shall be disbursed from said Account, or do or act anything in relation thereto. (Proposed by the Board of Water Commissioners).

VOTED UNANIMOUSLY: That the Town vote to accept from the Housing and Home Finance Agency of the United States of America, the sum of Four Thousand ($4,000.00) Dollars, pursuant to the provisions of Public Law 560 of the 83rd Congress, as amended, as an aid to the Town in financing the cost of plan preparation, to consist of preliminary planning and including necessary surveys and test holes, engineering studies and cost estimates for the construction of connections to the Boston Metropolitan Water District Aqueduct, pumping stations, storage facilities, supply mains and additions to distribution systems; and that there be established in such bank or banking institution as the Town Treasurer shall determine, a separate planning account to be kept apart from other town funds and to be known as "Town of Southborough Public Works Plan Preparation Account"; and that all funds which shall be received from the United States of America or which shall be appropriated by the Town for the purpose of financing the cost of plan preparation in connection with Housing and Home Finance Agency "Project Number MASS 19-P-3024, Contract Number H-(102-130)" be deposited in said account and that no funds be withdrawn therefrom except in accordance with warrants drawn thereon by the Board of Water Commissioners for the purposes enumerated in said project and contract; and that the Town Treasurer be instructed to honor and pay, without additional appropriation or approval, any such warrants so drawn.

REPORT OF THE BOARD OF SELECTMEN

On March 19th, the Board organized as follows:—

Mr. John Hill, Chairman

Mr. Henry B. Adams

Mr. Philip W. Burke

The Board met every Wednesday evening at 7.00 P.M. Approximately Seventy-five (75) special meetnigs were held during the year, for various reasons. Although no emergency of any great import took place during 1958, we still have a considerable amount of drainage problems which we feel cannot be put off for future consideration. The most pressing problems should be dealt with during the year 1959.

We wish to call your attention to Article 35, which calls for an expenditure of Twelve Thousand Seven Hundred Twenty-seven ($12,727.00) Dollars. This item was brought before the Town Meeting last year, but was dismissed, with the idea that an over-all storm-drainage survey might possibly be made with money made available by Federal Funds.

The traveling public and the Inhabitants in that area of Richards Road, should not be subjected to the existing condition, as it now is. Already State and County funds have been withdrawn from Richards Road under Chapter 81, and will not be forthcoming until adequate drainage is installed.

All repair and maintenance work on Chapter 81 and 90 roads was carried out and completed under the supervision of the State's Department of Public Works. Chapter 90 Construction on Framingham Road, was completed on schedule as laid out by the State's Department of Public Works. Some work was done on Walnut Hill Road, under Chapter 718. As was pointed out in our 1957 Report, a new tractor is greatly needed in our Highway Department.

Under the Town Hall Budget, the outside woodwork on the building was given two (2) coats of paint — a new rear door was installed. A new modern lock was installed on the front door. A new ceiling was installed in the Selectmen's office with two (2) coats of paint throughout. The Town Clerk's and the Treasurer's offices were given two (2) coats of paint as well as the Assessors' office. A new water-cooled automatic bubbler was installed in the Lower Town Hall, also, an automatic hot-water heater.

The following street lights were installed during the year:

7 — 1000 lumen
2 — 2500 lumen
2 — 3300 lumen

In order that Southborough may have the benefit of better lighting, the Board has requested the Worcesteh County Electric Company to make a survey of our lighting system, with a recommendation that could be put into effect over a three-to-six-year period, beginning with the most populated areas.

The following Licenses (Liquor) were issued in 1958:—

Package Goods Store (All Alcoholic)	2
Package Goods Store (Wines and Malt Beverage)	5
One-Day (Wines and Malt Beverages)	6
Restaurant (All Alcoholic)	2
Club (All Alcoholic)	5
Total Liquor Licenses	—20

Miscellaneous:—

Common Victualer's	7
Auctioneer's	1
Agent or Seller's (Class I)	4
Used Car Dealer's (Class II)	2
Junk Collector's License (Expires 5/31/59)	2
Slaughtering License (Expires 5/31/59)	1

Entertainment on Lord's Day (1-Day) 2

Automatic Amusement Devise (Coin-Operated) 9

Total Miscellaneous Licenses ..... —28

(All licenses for the sale of Ammunition and for Permits to carry a revolver or other type of firearms, are now being issued by the Chief of Police)

Zoning Permits issued:—

Homes 77

Garages 5

Conversion (Converting of Garage to Room) 1

Additions (Porches, Rooms to Homes, etc.) 11

Miscellaneous 5

1 Beauty Salon
1 Swinmming Pool (Fay School)
1 Retaining Wall
1 Woodworking Shop
1 Removing Stonewall

Total Zoning Permits ..... —99

Total Licenses and Zoning Permits 147

Gasoline consumption for 1958 was as follows:—

Highway Department	6,103.2
Water Department	2,525.0
Police Department	6,830.1
Miscellaenous Departments	623.3

Cash Receipts turned over to the Town Treasurer	$16,898.45
Commitments to the Town Collector (Town Hall and Fayville Village Hall Rentals	388.25
Total Receipts and Commitments	$17,286.70

Due to the rapid growth of the Town, many requests are made for new or additional services, which, in turn, greatly increases the already heavy burden on all Town Departments.

Because of increased costs of operating Town Departments to keep pace with the times, the Selectmen feel that to ease the increasing tax burden, steps should be taken to secure more industry for the Town, as our neighboring communities are doing. Several favorable locations are available for industrial developments.

Respectfully submitted,

JOHN HILL, Chairman,
HENRY B. ADAMS,
PHILIP W. BURKE

The work in this department, like that in all others has increased greatly, due to the growth of the town.

Much more time is required to complete assessments and other duties of this office.

One of the most important items, is to have fair valuations on all property, so that each one will pay their just proportion of taxes.

With changing values and conditions, we feel that owners of Real estate, can be of great assistance, by meeting with us and discussing their valuations.

Circumstances are such that, we cannot give all our time to this work, however, some of us usually spend part of each day at the office.

We have been concerned about the By-law which relates to the printing of an Assessor's report; it may be that this practice can be eliminated, for the reason that, the valuation book is open to the public and all the necessary information is available, together with the fact that we meet often, and the cost of preparing and printing is considerable.

This department as well as the others wish to express our appreciation to Sheriff Herbert E. Banfill for his long service to the town as an Assessor and on other various Town committees which he has served faithfully. The best interest of the Town was foremost in his decisions, and he was always willing to assist anyone with their difficulties.

We wish to thank all other Town Departments for their cooperation during the year.

REPORT OF THE TOWN TREASURER

To the Board of Selectmen
Town of Southboro, Mass.

I hereby submit the annual report of the Town Treasurer for the year 1958.

Cash Balance January 1, 1958	$150,320.00
Receipts from all Sources	859,016.31
Total Available Funds	$1,009,336.31
Total Payments	782,596.73
Cash Balance December 31, 1958	$226,739.58
These funds are accounted for as follows:	
Cash on Hand	$18,839.39
Marlboro Savings Bank	1,312.05
People's National Bank of Marlboro	16,123.37
First National Bank of Marlboro	190,464.77
	$226,739.58

Included in both the cash receipts and cash payments figures above is the amount of $75,000.00, which amount was borrowed effective June 13 for a period of five months to provide working capital. Reflecting the economic conditions, this loan was made at an excellent interest rate of 7/10 of 1% — a total cost to the Town of only $218.75.

No long term loans were negotiated during 1958.

Reflecting the economic conditions, also, tax title takings increased.

All trust funds in the Treasurer's care are invested.

It may be of interest to know that in 1958 there were a total of sixty-five warrants against which a total of approximately 7,000 checks were issued. A total of $34,445 was withheld for Federal Income Tax from wages paid. Other withholdings from wages include Worcester Retirement, Teacher's Retirement, and Blue Cross; likely to be added to these in 1959 will be State Income Tax withholding.

Respectively submitted,

J. M. CARMAN,
Town Treasurer.

TOWN OF SOUTHBOROUGH
PERSONNEL BOARD
1958 REPORT

At the Annual Town Meeting in March, it was voted to establish one more step in the Salary Administration Plan, and also to establish 3 step plans for the Director of Veterans Services and the custodians at the two town halls and the Library.

During the year, the Board attended to routine business and also held a public hearing relative to increasing the hourly pay of the call firemen when fighting brush and forest fires. Checks were made in nearby towns and also towns of our size in the state as to rate of pay. It is the Board's unanimous recommendation to increase the pay for brush and forest fires as follows:

Call Fireman	from $1.00 to $1.50/hour
Call Captains and Lieutenants	from $1.15 to $1.65/hour
Call Fire Chief	from $1.25 to $1.75/hour

To be effective Jan. 1, 1959.

A warrant article has been prepared for the town's approval.

During 1959, the Personnel Board will review all jobs subject to the Classification Plan according to the Wage Plan — Section 15 (D).

It was the Board's suggestion in 1957 that copies of budgets be sent to the Board prior to their usual meeting with the Advisory Board, so that proposed money for salaries and wages could be approved in advance. At the time of this report no budgets have been received.

REPORT OF THE BOARD OF PUBLIC WELFARE AND BUREAU OF OLD AGE ASSISTANCE

To the Honorable Board of Selectmen,
Town of Southborough, Massachusetts.

The Board of Public Welfare and Bureau of Old Age Assistance submits the following report of its work for the past year ending on December 31, 1958.

General Relief

Twenty-Nine persons were aided during 1958. The Town was billed for three cases aided elsewhere. We received full reimbursement, from the State in two cases.

The J. Lowell Bacon, Clarissa Clapp and Winchester Funds were used for six applicants. Several referrals were made to the Marshall Fund at Marlboro Hospital.

Aid to Dependent Children

During the year 1958 aid was rendered to eighteen persons in the category of relief. One case was denied. There is part reimbursement from the Federal and State Governments for this.

Disability Assistance

The Town of Southborough has granted aid to two persons who had been approved by the State and Medical Board for this category of assistance. Both Federal and State Governments reimburse the Town for a part of its expenditures.

Old Age Assistance

Forty-one persons were assisted during the year 1958. Reimbursement to the Town for a part of these expenditures is received regularly from the Federal and State Governments. Of the forty-one persons aided, eight came from other Towns for whom Southborough is fully reimbursed; for nine others, who are unsettled, the State assumed full financial responsibility. Four former Southborough residents were aided in other communities and the proportionate share of their support is charged to this Town.

There were seven applications for Old Age Assistance, five of which were approved and two denied. One account was closed due to death, four due to increased resources.

We feel that the following figures may be of interest to the taxpayers.

Expenditures for all four categories:		
For aid to or in behalf of recipients:	$59,598.16	
For administration	5,159.35	
Total		$64,757.51
Receipts for all four categories:		
Federal Reimbursement for Aid (including balance of 1957)	$28,755.30	
Federal reimbursement for Administration (including balance of 1957)	4,400.44	
Total		$33,155.74

The total of unexpendable receipts from State for aid rendered, from State Meal Tax and from other Towns and Cities will be found in the Accountant's report.

Three Old Age Assistance Real Estate Liens were released by payment, to the Town, of a total of $8,511.64.

Again we wish to acknowledge the helpful cooperation and response on the part of other Town Departments, local organizations and individuals.

ANNETTE H. DEER, Chairman
RUTH W. HARRINGTON
EDWARD W. BORST

J. M. Smith, Welfare Agent.

REPORT OF THE BOARD OF HEALTH

To the Board of Selectmen
Southbrough, Massachusetts

Gentlemen:

The Board of Health herewith submits a report of its work in 1958.

On January 10th Dr. Theodore Ingalls resigned from the Board and John Bartolini was duly appointed by the Selectmen to fill out Dr. Ingalls' term.

In the past year, increased attention has been focused on the very real problem of offensive odors stemming from the waste disposal system of the Deerfoot Meat Co. on Newton Street. Meetings have been held with engineers and sanitarians representing the M.D.C., the State Board of Health and the Deerfoot Company. Disposal of the wastes involved presents a technically difficult situation to which the answer continues to be sought. The solution, we believe, will come through continuing collaboration between engineers representing the State Board of Health and the Deerfoot Meat Company. Your Board is endeavoring to assure progress in this direction.

The Board spent much more time than in previous years on the problems of drainage and sewerage incident to new building in town. New regulations for sewerage were published.

For a few years it has been known that some sewerage disposal systems in the vicinity of the corner of Cherry and Pleasant Streets have communicated with and polluted the street drainage system in that area which drains to a brook flowing under Learned and Central Streets to the reservoir basin from which our water is drawn. In the past year it has become apparent that this hazard to sanitation must be dealt with.

The Board has met with engineers of the M.D.C. and McCarthy Engineering Co. and is presenting a warrant article proposing to install a small filter bed in the course of the polluted brook. The Board urges support of this article.

Well-Child Conference was held on May 22nd. Diphtheria, Pertussis and Tetanus and Salk inoculations were given at this time.

Restaurant inspections have been made and the Board is pleased to report that all restaurants are conforming to the regulations of the Town.

On March 4th the Board signed a garbage removal contract with L. Preston Andrews of Westboro for a three year term.

Communicable diseases reported for 1958 were as follows: Chicken Pox 64; German Measles 34; Measles 37; Mumps 5; Scarlet Fever 12; Meningitis 1.

Licenses issued in 1958 included: Vehicle Milk and Cream 10; Store, Milk and Cream 17; Anti-freeze 13; Nursery Schools 2; Funeral home 1.

Repectfully submitted,

REPORT OF DEPARTMENT OF VETERANS' SERVICES

January 8, 1959

Board of Selectmen
Southborough, Mass.

Gentlemen:

In the year 1958, expenditures for Veterans' Benefits under Chapter 115, increased approximately $1500.00 more than the previous year, 1957. In 1959 there will be more increases, as nursing home costs have gone up, and Doctor's fees may increase also.

Twenty (20) cases for benefits were handled this year. Three (3) were permanent cases, six (6) emergency cases, four (4) were not eligible and seven (7) had settlements in other towns.

The unexpended budget this year is approximately $2500.00 and an approximate $2500.00 will be reimbursed to the Town by the State at a future date.

Eight veterans were aided in filing for pensions, three Korean veterans applied for schooling and others were helped in applying for insurance and obtaining Civil Service Jobs.

I wish at this time, to thank the Board of Selectmen, Doctors and other Departments, for their kindness and consideration during the past year.

Respectfully yours,

JOSEPH K. MURPHY

Veterans' Agent

REPORT OF THE CEMETERY COMMISSIONERS

To the Honorable Board of Selectmen,

Town of Southboro

Gentlemen:

The Board of Cemetery Commissioners submit their annual report. The work of caring for the Cemetery was carried out in the usual manner.

Some improvements have been made such as hot topping roads and installing new water pipes.

Regular meetings have been held and various trust funds have been invested as the occasion required.

The report of receipts and expenditures will be found in the report of the Town Accountant.

Respectfully submitted,

CHARLES E. CORBETT, Chairman

REPORT OF THE HIGHWAY SUPERINTENDENT

To the Honorable Board of Selectmen,
Town of Southborough, Massachusetts.

Gentlemen:

I hereby submit my annual report for the year ending December 31, 1958.

All Chapter 81 work for 1958 was completed during the year.

The Contract on Chapter 90 Construction on Framingham Road for 1958 was completed November 3, 1958.

The Contract on Chapter 90 Maintenance was completed on November 30, 1958.

Cable fences have been installed on: White Bagley Road. A total of one thousand feet (1,000).

Drainage was put in on: Clifford Road, Parkerville Road, Highland Street to Southville Road, Southville Road, Breakneck Hill Road, Pleasant Street, Latisquama Road. A total of one thousand eight hundred and eight (1,808) feet. Also one catch basin on Central Street and one on Prentiss Street.

A new hot-top sidewalk was made on Main Street, Southboro. A total of seventy-five (75) feet.

Work has begun on Walnut Hill Road, Chapter 718, widening of the road, and a total of 250 trees have been taken down on town property.

A new front-end Sander has been purchased and put in use this year.

A 1958 Chevrolet pick-up truck has been purchased for the Highway Department and placed in service.

The reports of receipts and expenditures of the Highway Department will be found in the Town Accountant's Report.

At this time I wish to thank the Board of Selectmen, members of the Highway Department and all other Town Departments for their co-operation during the past year.

Respectfully submitted,

LEO PESSINI, Highway Supt.

REPORT OF THE TREE WARDEN

To the Honorable Board oof Selectmen
Town of Southborough, Massachusetts.

Gentlemen:

I hereby submit my report for the year ending December 31, 1958.

A number of trees have died during the past year due mainly to fungus diseases, road construction, and other causes.

No tree should have earth or other material dumped around the base of the tree. If this is not done the roots will die for want of air, causing the removal of the entire tree.

Eight maples, four oaks, two ash, and two butternut trees were cut down and removed because of their dangerous condition.

Respectfully submitted,

WILLIAM H. ONTHANK,
Tree Warden.

REPORT OF THE MOTH, DUTCH ELM, POISON IVY CONTROL

To the Honorable Board of Selectmen
Town of Southborough, Massachusetts.

Gentlemen:

I hereby submit my report for the year ending December 31, 1958.

During the past year a total of 67 dead Elms have been cut down and removed. There are many more to be cut as soon as possible, since they become a menace to public safety soon after they die.

The Elm tree spraying was carried on as in previous years. All trees were sprayed twice during the season.

Poison ivy was sprayed on every road in town, also around all public buildings and school grounds.

Respectfully submitted,

WILLIAM H. ONTHANK,
Superintendent.

REPORT OF THE FAYVILLE VILLAGE HALL COMMITTEE

To the Honorable Board of Selectmen,

Town of Southborough, Massachusetts.

Gentlemen:

The Fayville Village Hall has been very busy during the year 1958. The hall was in use approximately two hundred times by the various organizations of the Town as a regular meeting place and for parties. Various out of town groups have used the town hall for various purposes.

Minor repairs have been made to the building during the year. A new coatroom has been built, with only a lighting fixture to be installed in the Ladies Room in the future.

The committee has tried to keep the operating expense for the Fayville Village Hall at a minimum and within our budget. There has been purchased eight new tables, making a total of fifteen tables and a seating capacity of 150 people. With the purchase of 6 new tables necessary this year we will seat 210 people.

The rules and regulations of the Fayville Village Hall have been revised and new copies placed on the bulletin board. We have purchased a new floor polisher and waxer for the town hall. The business of operating the Fayville Village Hall has been conducted at the regular meetings of the committee, on the second Monday of every month.

Respectfully submitted,

THOMAS FERRIS, Chairman

COMMITTEE REPORT

Relative to Hillside Avenue

In accordance with the vote taken under Article 11 of the Warrant for the Special Town Meeting of September 8, 1958, this committee was appointed to determine what action, if any, should be taken in connection with Hillside Avenue.

The Committee determined that Hillside Avenue, as laid out by the Selectmen and accepted as a public way by vote of the Annual Town Meeting held on March 26, 1945, is forty feet wide and runs from the easterly side of Lyman Street for a distance of about five hundred feet to the stonewall separating the land of William G. Salmon from that of Joseph Taylor. Sometime after acceptance, the westerly end of the way was constructed for a distance of about two hundred fifty feet, ending about ten feet easterly of the easterly bound of the land of Charles H. O'Malley. In the opinion of the committee, this construction of a sixteen foot traveled way complies with the requirements of the Department of Public Works, although the drainage facilities, while barely adequate, should be improved.

The remaining two hundred sixty feet, which slopes slightly downward to the east, has never been wrought as a way. A growth of trees and underbrush cover it to such an extent that it is completely impassable for any type of vehicle.

Findings

The committee finds that

(1) In order to coonstruct the remainder of the way, it would be necessary to clear enough of the land to accommodate the traveled area. No grading, except a possible small amount of cut and fill to make a constant grade, would be required. Adequate drainage could be accomplished by a shallow gutter on the north side of the traveled way.
way.

(2) The cost of construction for about two hundred sixty feet to its terminus would be relatively small and would require no special appropriation.

(3) Construction of a traveled surface sixteen feet in width would be entirely adequate to accommodate any traffic which might use the way in the forseeable future, and would conform with the width of both Hillside Avenue and Lyman Street as they are now used.

Recommendations

The committee recommends that

(1) A sixteen foot traveled way to be constructed the easterly end of the way as already in existence to the terminus of the way as laid out and accepted previously.

(2) Construction be commenced in 1959 and that general funds of the Highway Department be used for the purpose.

REPORT OF CIVIL DEFENSE DIRECTOR

To the Honorable Board of Selectmen
Town of Southborough, Massachusetts.

Gentlemen:

No declared emergency arose during 1958 which required the services of our local Civil Defense Organization. We did, however, assist the Fire Department during part of the period the telephone service was interrupted in December.

Although an Auxiliary Police Force was organized in December the members did not take their oath of office until January. Regular meetings will be held monthly and members instructed relative to their duties.

Other groups will be organized and properly instructed during the coming year.

In accordance with instructions received from State Civil Defense Headquarters we are now preparing an Operational Plan for the Town which, when approved, will be distributed to the various departments.

During the year we obtained additional equipment under the Matching Fund Program and, as we have in previous years, various members, including your Director attended classes of instructions and/or meetings at Area, Sector and Town level.

This opportunity is taken to thank all Departments and citizens for the co-operation and support accorded this organization.

Respectfully submitted,

HOMER L. BATES
Civil Defense Director.

REPORT OF THE TRUSTEES OF FAY LIBRARY — 1958

The Board of Trustees of Fay Library met ten times during the year 1958.

The Trustees are always concerned with the proper maintenance of Library Building. During the past year the frames of the windows in the main room have been mended and painted and new curtains hung. Chairs have been repaired and it is hoped that the ceiling and walls of the reading room will be plastered and painted within the next few months.

The Librarian s report shows that the total circulation in both Fay Library and the Fayville Branch has increased although fewer Juvenile books have been read. On the other hand more magazines are being read by both adults and children. The Trustees plan to post a list of new books in the schools with the hope that this will stimulate more outside reading. The Library has purchased more books in various scientific fields which should be of interest to both old and young.

The Trustees wish to thank all those who contributed books to the Library. Such gifts are always welcome.

With the aid of Mrs. Hutt, the Librarian, and the interest of the Town, the Trustees are sure that Fay Library will continue to be of benefit to the community.

REPORT OF THE MODERATOR

January 14, 1959

To the Honorable Board of Selectmen:

It was with considerable regret that resignations were received from three members of the Advisory Committee during the course of the year, namely Mr. Charles Barton, Mr. Frederick Claflin and Mr. Earl Smiddy. Each of these men contributed substantially to the committee; the work of all is appreciated.

Mr. Franklin Millea declined reappointment at the expiration of his term. Especial thanks goes to him for his outstanding service to our town.

Five appointments were made to the Advisory Committee during the year:

1) Ralph L. Dyer to fill the vacancy left by Mr. Charles Barton, Mr. Dyer s term to expire in March 1959.

2) Wallace J. Dunnet to fill the vacancy left by Mr. Earl Smiddy, Mr. Dunnet s term to expire in March 1959.

3) Irvin McDonald Garfield to fill the vacancy left by Mr. Frederick Claflin, Mr. Garfield s term to expire in March 1960.

4) Edward L. Kehew to a term of three years, to expire in March 1961.

REPORT OF THE PLANNING BOARD FOR 1958

To the Honorable Board of Selectmen
Town of Southborough, Massachusetts

Gentlemen:

Three subdivision plans were submitted in 1958:

A definitive subdivision plan on Parkerville Road directly south of Worcester Turnpike was disapproved pending an engineering study of storm drainage and drainage problems in that area.

Two preliminary plans in the Fayville area are currently under consideration. It is expected that definitive plans will be submitted to the Planning Board early in 1959.

On August 20, 1958 the Planning Board submitted to the Federal Housing & Home Finance Agency an application for a storm drainage survey and plan for all paved roads in the town. If and when the application is approved, the cost of the survey will be borne initially by the federal government. It is hoped that this survey will render assistance in the solution of surface drainage problems arising out of existing and proposed subdivision developments.

Respectfully submitted,

WALLACE GOODNOW, Chairman
PHILIP C. BEALS
CAMERON BRADLEY
EDWARD W. BORST

REPORT OF THE
SOUTHBORO INDUSTRIAL COMMISSION

The Industrial Commission has been approached by many interested in land for industrial use. These prospects, and owners of industrial land, have been brought together when possible. Industry interested in construction of first class buildings seem to desire clarification of new highway construction before selecting locations.

The trucking industry is actively interested in locations. Due to their active night-time operation we have discouraged them in seeking re-zoning for such use if nearby homes would be affected.

The new Route 110, and Worcester Expressway, will have an impact on the southwest side of town, and might well dictate some thoughts of changes in our original zoning of this area.

One business firm, Power Products of Framingham, are presently building on business land south of Route 9 at Middle Road.

A small machine shop of excellent appearance and construction has been completed on Marlborough Road. A sales and service building west of Route 85 on the Turnpike was occupied the first of 1958, and scheduled for completion in the Spring, with a small addition.

Total assessment of these non-residential properties will total about $30,000.00.

Respectfully submitted,

JAMES H. COOKMAN, Chairman

TOWN COUNSEL'S REPORT

Since the close of World War II the legal problems of government, particularly in small towns, have mounted enormously. The trend which began with the depression was gradual until 1945. Since then municipal regulations and requirements have expanded at such a pace that even the specialist in municipal law has experienced considerable difficulty in keeping apace of them, regardless of the extent of his experience and talent for that branch of the law. In a few rare instances new laws, such as the procedure to establish liens for unpaid water bills, have tended to simplify some municipal practices but, the vast majority of them relate to new and extremely complex subjects, the novel character of which makes it impossible to find precedent to guide legal counsel in making decisions or giving advice. Even the highest courts sometimes find it almost impossible to place correct interpretations upon them. Frequent amendments of new laws are required to govern situations which were not anticipated by their framers.

Subdivision Control Laws

Subdivision control laws (which should not be confused with zoning laws) present a shining example of the confusion and uncertainties confronting every counsel, litigant and court which is required to deal with them. Some type of subdivision control (although under a different name) have been in effect since 1920 but until 1936 they were not uniform and gave municipalities which chose to adopt them a wide latitude in what they might and what they might not do. Laws for the purpose of "improved method of municipal planning" which

were enacted in 1936 applied to many subjects not covered previously but municipalities still retained the power to accept them or not as they saw fit. Those which did adopt them had considerable leeway in the manner in which they adapted them to the needs of their particular communities.

In 1953, however, the Legislature in effect, repealed the old laws and adopted a huge quantity of new ones relating to subdivisions of land and town planning. These new laws were called Subdivision Control Laws and applied to all towns which had adopted or accepted the laws enacted in 1936. The 1953 law took away virtually all the power of towns to exercise any discretion at all.

As the result of a vote taken at the annual Town Meeting in 1943, Southborough automatically became subject to the 1953 statutes which are so complicated and so rigid in their application that in many instances it is almost impossible to know what they mean. Many amendments and decisions of the Supreme Judicial Court since 1953 have clarified some of the inconsistencies and incongruities but they have hardly scratched the surface. Even the most experienced and talented municipal counsel has great difficulty in trying to determine what many sections of the law mean and when he has done so, he can only hope, with no great assurance, that the Courts will sustain him in his opinion; the layman who attempts to place his own interpretation upon them is treading on extremely dangerous ground.

The inevitable result of this is litigation! !

Zoning Laws

Statutes authorizing zoning by-laws were first enacted in 1920 and permitted municipalities for the "purpose of promoting health," etc., to regulate and restrict the height and size of buildings, the size and width of lots, the density of population, the location and use of buildings and land, and for those purposes, to divide themselves into district. Since there was little need of such regulations and restrictions in most

small towns, very few, if any, of them took advantage of the 1920 law which was the grandparent of the present-day statutes which authorize the adoption of zoning by-laws (Chapter 40A of the General Laws enacted in 1954). As a result, many of the early court decisions rendered under the 1920 law have little bearing on zoning laws in small towns. Because the application of such by-laws in cities and large towns present entirely different problems than those of small towns, almost all of which have now adopted zoning laws, the volume of cases relating to the problems of small towns has increased almost beyond belief. As a result of some of these decisions a great many amendments have ben made to the statutes. In fact, there have been so many amendments that many of the decisions which have come down since 1954 have become obsolete and now have no bearing on zoning laws and statutes as they exist today.

General

In addition to the legal ramifications of subdivision and zoning laws, other legal problems of municipalities have also increased. Huge public works projects which have been undertaken by National and State governments, such as the Massachusetts Toll Road and new Route No. 110, have greatly increaseed the needs of legal assistance in small towns. Other increases have ben caused by the job evaluation program, Worcester County Retirement System and real estate developments requiring layouts and acceptances of new highways.

Until 1933 the few legal problems which arose in Southborough were ably handled by the Board of Selectmen, one or more of whom was an experienced lawyer. Occasionally outside counsel was engaged and paid from a special appropriation but there was no provision for town counsel. Since 1933 only one lawyer served on the Board of Selectmen for a short period of time in the early 1950 s. From 1933 to 1936 when new by-laws were adopted legal services were engaged on the one or two occasions when counsel was required to prosecute or defend suits. Since 1936 the by-laws have provided for the appointment of town counsel who receives a salary and is paid for such additional services as might be required of him.

Between 1930 and 1933 and between 1946 and 1955 the town was involved in no litigation of any type but there may have been one or two suits involving the town between 1933 and 1946. Three suits were brought against the town in 1955, one still pending in the Middlesex Superior Court, to recover for injuries sustained as a result of an alleged defect in a highway and the other two, each involving about $500 to recover for work alleged to have been done for the town. Both of these suits have been disposed of at a cost for settlement of $100. In 1957 a land damage suit was brought in Worcester Superior Court and this suit was settled for $700. In 1958 the town has been involved in six law suits. Two of these were brought in the Worcester Superior Court in connection with subdivision control laws and two were brought in the same court in connection with zoning laws. Two criminal complaints were brought in the Westboro District Court, both involving alleged violations of the zoning laws and general by-laws. The two criminal cases have been disposed of, one by conviction and the other by acquittal. One of the suits in the Superior Court has been disposed of in favor of the town. Another has been tried before a master whose report has been filed. Final disposition of this suit has been delayed in an effort to conclude the matter by settlement. The other two cases in the Superior Court are still pending and should be concluded in that court in January.

It is probable that two of these cases and possibly the other will be appealed to the Supreme Judicial Court.

Conclusions

Whether it is impossible at this time to foresee the amount or type of litigation, if any, which will involve the Town in the future, it is certain that the cause of the six suits brought in the past year will be present as long as zoning and subdivision control laws exist in their present form. It is also very likely that there will be a substantial expansion in real estate development, whether residential, business or industrial and that the duties of Town counsel will expand proportionately.

In any case, it is certain that the legal burdens of the Town will increase enormously and that increased costs of the Law Department is inevitable.

REPORT OF THE
BOARD OF WATER COMMISSIONERS

January 26, 1959

To the Honorable Board of Selectmen

Town of Southborough, Massachusetts

Gentlemen:

Herewith is presented the Twenty-ninth Annual Report of the Board of Water Commissioners for the year ending December 31, 1958.

Eleven monthly meetings and four special meetings were held during the year.

On February 10, 1958, an application for funds for Public Works Planning was filed with the Housing and Home Finance Agency, Community Facilities Administration.

On June 25, 1958, the application was accepted for Public Works Plan Preparation, but to date no funds have been received from the Federal Government.

At a Special Town Meeting held September 8, 1958, an article was voted to accept from the Housing and Home Finance Agency, Community Facilities Administration, the sum of $4,000.00, pursuant to the provisions of Public Law 560 of the 83rd. Congress and set up same in a separate Planning Account to finance the cost of plan preparation, to consist of preliminary planning, including necessary surveys, test holes, engineering studies and cost estimates for the construction of connection to the Boston Metropolitan Water District Acqueduct, pumping stations, storage facilities, supply mains and additions to the distributing system.

On September 29, 1958, an agreement was entered into with Whitman & Howard, Inc., Engineers, to make this survey.

The funds advanced by the Federal Government will be paid back if and in proportion to the amount of construction done by the Town, Voted at a Town Meeting.

When the final engineering is completed, a detailed report will be submitted to the voters of the Town by mail or by a public hearing prior to any Town meeting.

GEORGE A. MOONEY,
WALTER J. NORTON,
C. ED. BAKER,

Board of Water Commissioners.

REPORT OF THE TOWN ACCOUNTANT

Year Ending December 31, 1958

To the Honorable Board of Selectmen,

Southboro, Mass.

Gentlemen:

I respectively submit the annual report of financial operations of the town as of December 31, 1958.

Attached hereto are the following statements and schedules:

Balance sheet

Debt Statement

Schedule of Receipts

Expenditures and Balances

Trust Funds

Salary and Wage Schedule

In addition to estimated receipts totaling $218,038.72 considered by the Assessors in determining the amount to be raised by taxation in 1958, additional receipts in the amount of $35,278.74 and $10,898.08 representing unexpended balances of appropriations together totaling $46,176.82 was transferred to Excess and Deficiency on December 31, 1958.

At the annual town meetings in 1957 and 1958 it was recommended by the Advisory Board and voted that all appropriations be raised by taxation rather than by transfer of funds from surplus in order to increase the cash balance and avoid if possible the necessity and expense of borrowing in anticipation of tax collections. The wisdom of such recommendation and vote is reflected in the increase in the cash balance from $144,098.94 on January 1, 1957 to $226,739.58 at January 1, 1959.

After deducting outstanding taxes of $38,168.97 and a reimbursement of $132. due from the County for the care and destruction of dogs, the amount of free cash as of January 1, 1959 is $150,885.74 which amount has been certified by the Massachusetts Department of Corporations and Taxation Bureau of Accounts.

I extend to you the Board of Selectmen, Town Officers and Department heads my sincere appreciation for the cooperation given me during the year.

Respectfully yours,

FRED BAKER

Town Accountant

REPORT OF THE
REGIONAL SCHOOL DISTRICT COMMITTEE

January 23, 1959

Town of Southborough

Massachusetts

We submit herewith our Operating Statement and Statement of Condition as of December 31, 1958.

Construction of the school is proceeding on schedule. We have been reassured by the General Contractor that barring a major set-back, which is not forseeable at this time, construction will be completed in sufficient time to allow for delivery and placement of equipment and supplies.

We are quite confident at this point that we will open the school on schedule in September of this year.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Southboro:

Your School Committee, at this time, submits a report of the progress made during the year 1958, as well as its plans to attain better educational leadership for the future.

TEACHERS' SALARY INCREASE

The minimum salary for teachers was raised from $3,700 to $4,000. This measure was taken to enable our system to be on a parallel with salaries of surrounding towns in order to obtain the qualified teachers so necessary for a better education and to lessen the turnover of our good teachers. It might be pointed out that a bill is now pending in the State Legislature to raise the state minimum to $4,500.

SCHOOL HOUSING NEEDS

In the town warrant, an article has been inserted recommending that a committee be formed for the purpose of studying the town's school housing needs. In view of the new building in town and the increasing population, it will be necessary to plan for new school construction. Up to now the town has been fortunate in not resorting to double sessions. This is an obvious hindrance to children's education.

THE DAVIES-BRICKNELL SYSTEM

The committee is pleased to announce the installation of the Davies-Bricknell System of School Board Policy and Administration in our system. This plan enables the School Board to define clearly and to formulate school policy as differentiated from administration of school affairs.

ADULT EDUCATION PROGRAM

For the third successive year, your school committee is sponsoring an adult education program. We wish to thank Mrs. Harold Bauld, Mrs. Cronin and all other citizens associated with the program for their services in achieving this constructive and successful program.

PERSONNEL AND ALGONQUIN REGIONAL HIGH SCHOOL

It appears that our regional high school will open as scheduled in September, 1959, based on the contractor's report that progress is running according to schedule in spite of strikes by the plumbers, laborers and glass suppliers. The latter phase has necessitated the closing in of the building with plastic covering at the expense of the contractor.

The official name for the school is Algonquin Regional High School. We are pleased to announce that Mr. James Higgiston, principal of Peters High School, has been appointed principal of our new regional high school.

Other appointments include those of Mrs. Mary Mullen as principal of the Albert S. Woodward Memorial School and Mr. Raymond Plotczyk, former principal of the Berlin Schools, as assistant superintendent of the Northboro, Southboro, Berlin Union as well as the Regional High School. We feel that the addition of Mr. Plotczyk to the administrative staff will aid Mr. Poole in formulating new plans toward raising our educational standards so essential in keeping up with progress in education.

OPEN SCHOOL BOARD MEETINGS

A new State Law has recently been passed which provides that all committee meetings be open to the public. This does not affect our policy in any way as we have always invited the taxpayers to attend our meetings.

CHANGES IN SCHOOL HOURS

A ruling from the Commissioner of Education has necessitated the addition of more school time. All secondary schools must be in session 5½ hours per day, exclusive of lunch and recess. All elementary schools must be in session 5 hours per day.

ACCELERATED PROGRAM

In Junior High School, we have a program whereby students are grouped according to ability. This program will better adapt the students for the more rigorous schedule of curriculum proposed for the regional school.

SCHOOL GYMNASIUM AND CAFETERIA

May we again call attention to the people of the town that the facilities of the Woodward School Cafeteria and Gymnasium are available to civic groups at any time. All information may be obtained from the principal in regard to rental fees.

For the excellent cooperation that we have received from the citizens of the town and the school personnel, we express our sincere appreciation.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and

Citizens of Southboro:

In reporting to you this year I should like to focus attention primarily on school housing. Only as we anticipate problems yet to come can be sure that there will be adequate time to plan the soundest solutions. Plans made in haste to meet emergencies are seldom as effective as remedial plans developed well in advance of crises.

TWO VITAL DECISIONS

The community is faced with two critical decisions with regard to school housing in the very near future. In order to clarify these problems in the public mind, a brief summary of the housing situation will be presented here.

The high school housing outlook is very good. The Algonquin Regional High School will open with an enrollment of approximately five hundred pupils and a capacity of one thousand. There should be no problem of high school space for ten years at least.

With regard to elementary grades one through six, there is no immediate problem. Statistical projection five years ahead indicates a population of five hundred which can be handled comfortably by our present elementary capacity of eighteen rooms or five hundred forty children.

A real problem exists at the junior high level, grades seven and eight. We have only four classrooms at the Woodward School available next year for 142 students. By using the homemaking laboratory as a temporary classroom we can meet next year's need. The next five years will bring the junior high shortage to a probable three rooms.

Beyond this point we can expect a general increase in all eight grades which will gradually bring about a need for 32 classrooms in contrast to the presently available 22 classrooms in the Annex, South Union, and Woodward Schools.

The second problem has to do with the disposition of Peters High School. Although probably structurally sound, the building is functionally obsolete as a school building and has been for many years. Because of its layout, any attempt to remodel would be very expensive and the final result unsatisfactory in many respects. While safety precautions have been carefully taken in the past, it has been a matter of grave and constant concern as to whether it would be possible to evacuate safely all students in case of fire. This concern has been serious enough with high school age youth. With children in the first eight grades the risk would seem to be intolerable. A four-story wooden building does not appear to be a fit place to house little children under any circumstances. This matter should receive careful study by the community before a decision is reached. It appears that this building may have outlived its usefulness.

PROMOTIONS

During the past decade this school district has grown from 1042 pupils, 46 teachers, and a budget of $159,000 to its present size of 2262 pupils, 105 teachers, and a budget of $665,000. The work load on the central office has increased to the point that the District School Committee has appointed Mr. Raymond A. Plotczyk as Assistant Superintendent of Schools. This promotion has been earned by twelve years of excellent service as Principal of the Berlin Memorial School.

Southboro can take pride that James A. Higgiston, its high school principal for the past ten years, has been selected a principal of the Algonquin Regional High School. Mrs. Mary Mullen, for many years a teaching principal in the Southboro schools, will become supervising principal in charge of the Woodward School next fall. These promotions are well-deserved and we extend our best wishes to all three administrators in their new responsibilities.

CONCLUSION

To all those many people who, through personal effort, have helped to make the past year a good one for Southboro's school children, I extend my deep appreciation.

Respectfully submitted,

ROGER K. POOLE,
Superintendent of Schools

REPORT OF THE HIGH SCHOOL PRINCIPAL

Mr. Roger K. Poole
Superintedent of Schools
Southborough, Massachusetts

Dear Mr. Poole:

Graduation exercises for the Class of 1958 were held on June 10, 1958, at the Albert S. Woodward Memorial School Auditorium, when diplomas were awarded to 28 seniors. Twelve graduates, or 43% (approximately the state average) have since enrolled at institutions of higher learning; and two other have enlisted in the Armed Services.

Awards of $250 each were made to Marcia Trioli and Peter Kehew from the Robinson Memorial Fund for excellence in academic achievement. A state scholarship in the field of nursing was also awarded to Marcia Trioli for the University of Massachusetts; and Peter Kehew was the recipient of an annual scholarship of $900 from Boston University as a most promising student.

A record size enrollment of 287 pupils in our six-year junior-senior high school was registered on September 3, 1958. With a membership of 42 seniors our final graduating class in June of 1959 should exceed, by a wide markin, the previous high of 33 diploma awards to the class of 1950.

Mr. George Alfke, our new director of guidance, is presently assisting these prospective June graduates with their individual problems of college placement. It is to be anticipated that 40 to 50 per cent of the class will continue on to higher education.

At the junior high level we now have two sections for Grade VIII and three group section for Grade VII. In accord with the recommendations of the Dr. Conant Report, ability groupings have been established on the basis of reading levels. Ability grouping now makes it possible to offer greatly

improved programs for the gifted students, as well as those who have need for remedial instruction. Enrichment of content we have been able to provide thus far; and acceleration of subject matter is in the offing for the very near future.

This arrangement of curriculum offering, I consider to be a most significant accomplishment here during the past school year. Not only is it in line with established national trends, but also it is well timed for these junior high students who are soon to enroll at the Algonquin Regional High School, where curriculum offerings at three levels of ability will be offered in each grade.

During the course of the past ten years physical education, guidance and driver-training education have become an integral part of the high school curriculum. I am happy to report that Southborough has kept pace in each of these respective fields. To the tax-payers we are appreciative for the provision of funds to provide physical education and guidance. To Mr. Alton Spurr we owe a special expression of thanks for the courtesy use of a dual controlled driver-training automobile. There is a tremendous demand for this course, which we are offering again this year to members of the junior class.

In the field of interscholastic sports, the past year was a most successful one. The Peters High School girls' team won the league championhip in softball for the sixth time in ten years. Our boys' basketball team won the championship of the East Central League for the first time since its organization in 1948.

For the very excellent cooperation that I have received from the entire school department, I express my sincere appreciation.

Respectfully submitted,

JAMES A. HIGGISTON,

Principal

REPORT OF THE PRINCIPAL OF PETERS HIGH SCHOOL ANNEX

Mr. Roger K. Poole
Superintendent of Schools
Southborough, Massachusetts

Dear Mr. Poole:

I herewith submit my annual report as principal of Peters High School Annex.

We are endeavoring to offer the children in our school a well-balanced program. Reading, arithmetic, writing and language (oral and written composition, spelling and correct usage) are stressed in proper emphasis for the grade level. Science and social studies start in grade one. Text books are available for all children in both of these subjects. However, the book is only one tool and must be supplemented by many and varied activities. Music, art and physical education are included in our curriculum. Each grade has a thirty-minute period with the music supervisor and with the art supervisor every week and two twenty-minute periods of supervised physical education a week. Occasionally the schedule is re-arranged so that the classes can be conducted in the gymnasium at the Woodward School.

Under the supervision of the Rinehart Functional Handwriting system we are using manuscript instead of cursive writing in the first grades this year. Words formed in this way look more like those the children encounter in their reading experiences. Thus writing becomes more meaningful and useful. We are planning to begin the change to cursive writing during the last half of second grade.

Another innovation which has proved beneficial is the lengthening of the morning session by moving the closing time from 11:00 to 11:30.

We are all grateful to those who made it possible for us to procure the playground equipment, need for which was mentioned in last year's report.

In conclusion I wish to thank you and all those who have assisted us in any way during the year.

Respectfully submitted,
MARY C. HAYES,
Principal

REPORT OF THE PRINCIPAL OF THE INTERMEDIATE GRADES

Mr. Roger K. Poole
Superintendent of Schools
Southborough, Massachusetts

Dear Mr. Poole:

It gives me pleasure to submit my annual report as principal of the elementary division of the Albert S. Woodward Memorial School.

We have, at the present time, a record enrollment of 227 pupils in the intermediate grades. This figure represents three sixth grades, three fifth grades, two fourth grades, and one third grade, with an average of 25 pupils per grade.

A successful reading program is of primary importance in the intermediate grades. This year at the fifth and sixth grade levels we are trying an interesting experiment which we feel will improve the reading abilities of all the pupils concerned.

We have found from the results of the Iowa Every Pupil Tests of Basic Skills which are given every June that reading abilities in a single classroom may span several grades.

With this variation in reading skill, the average material for the grade is not suitabe to the abilities of all the children. Sometimes the texts are too difficult for at least one third of the class, and fail to challenge the top third. By ability grouping we can provide the material best suited to each child.

In previous years the classroom teacher taught the three or four reading groups, spending a limited amount of time with each group.

This year all sixth grade pupils in the top group have reading together. The teacher has an opportunity to provide a more extensive enrichmen program, to challenge the abil-

ities of the gifted students, and to prepare them for the stepped-up program which awaits them in junior and senior high school.

The pupils whose test results showed them to be in the middle group meet together and work with books and materials suited to teir abilities. When they are ready they may move to the top group.

The pupils who have reading difficulties comprise the third group. In this group the teacher is able to give each pupil individual help. The reading difficulties are diagnosed, and remedial work is begun to correct the trouble.

Our new reading program has been in operation in grades 5 and 6 since late fall, and pupils and teachers feel that it will be successful.

We shall be able to evaluate our reading program in a scientific manner when we test the pupils in June.

In previous years Southborough children have tested at or above the national average in the Iowa tests. This year we shall be looking for an increased growth in individual achievement in reading and related language arts for all of our pupils.

At this time we should like to acknowledge Mr. and Mrs. Durward E. McClard's gift of a beautiful 4-speed record player in memory of their son, Joseph Wilson McClard.

The staff joins me in expressing our sincere appreciation to you, Mr. Poole, to the School Committee, and to the parents for helping us to do our very best for the children of Southborough.

Respectfully submitted,

MARY MULLEN,

Principal

REPORT OF THE PRINCIPAL OF SOUTH UNION SCHOOL

Mr. Roger K. Poole
Superintendent of Schools
Southborough, Massachusetts

Dear Mr. Poole:

It is with pleasure that I submit this annual report of the functions and activities of the South Union School.

Considerable progress has been made during the year stressing character building, leadership, and pupil service. Being alert to the best in educational thought and practice, a well planned program of guidance and testing has been established as an important phase of school work. The needs and requirements of each pupil are carefully supervised by the teaching staff.

The field trips to the museums, airport, Babson Institute, and the Maporium were enjoyed by the children. These trips increase the child's knowledge and teaches him confidence, thoughtfulness and self-reliance.

The mothers of the school children, by successfully organizing food sales and a bazaar, have made it possible for our playground to have six seesaws, that are in constant use. Also, a set of the World Book Encyclopedia has been purchased. The fine cooperation and work of the mothers of the South Union School children is deeply appreciated.

The staff of the cafeteria has maintained a well balanced program under the competent leadership of its manager and her assistants. A large per cent of the children participate in this phase of our school schedule.

It is with sincere appreciation that I thank you, the School Committee, the teachers, parents, and pupils for the fine accomplishments of the past year.

Respectfully submitted,

MARGARET E. CRONIN,
Principal
